I Was Wrong Social Distortion

CAPO on 1

D - A - Em - G

Over and Over again.

I palm mute verses and strum chorus in time. Gives the original feel of the song even when played on the acoustic

Lyrics:

) *I*

When I was young, I was so full of fear

∑m. G

I hid behind anger, held back the tears

It was me against the world, I was sure that I d win

lm G

The world fought back, punished me for my sins

I felt so alone, so insecure

I blamed you instead and made sure I was heard And they tried to warn me of my evil ways But I couldn t hear what they had to say

D A

I was wroooong

Em G

Self destruction s got me again

D A

I was wrooooong

Em (

I realized now that I was wrong

And I think about my loves, well I ve had a few I m sorry that I hurt them, did I hurt you too I took what I wanted, put my heart on the shelf Now how can you love me when you don t love yourself

It was me against the world, I was sure that I d win The world fought back, punished me for my sins And they tried to warn me of my evil ways But I couldn t hear what they had to say

I was wrong
Self destruction s got me again

I was wrong
I realized now that I was wrong

I was wrong, yeah
I was wrong

I grew up fast, I grew up hard Something was wrong from the very start I was fighting everybody, I was fighting everything But the only one that I hurt was me

I got society s blood running down my face Somebody help me get outta this place How could someone s bad luck last so long Until I realized that I was wrong

I was wrong
Self destruction s got me again
I was wrong
I realized now that I was wrong

I was wrong Self destruction s got me again I was wrong The only one that I hurt was me

I was wrong
