A C#m
i was feeling a little strange

A Bm
now i m done with everything
A C#m

second row
i guess i got it wrong again
no-one here
seems to notice the empty light
the sorry din
i shot through i shot through
now i m done with everything

oh let them follow
time to put the hymn book down again
oh this hollow
cause now i m naked and too aware
i stretched out i stretched out
now i m done with everything
now i m done with everything
now i m done with everything
