

Howd You Get Here  
Soft Rocks

**E** **C**  
Hello, howâ€™d you get here?  
**D** **E**  
Did you climb inside my head?  
**C**  
When you leave here,  
**D** **E**  
Donâ€™t you say what your eyes saw.

**Em** **Cm**  
Iâ€™m feeling every step I fall from grace  
**D**  
Retreat inside my head  
**Em**  
My soul I canâ€™t replace.  
**Cm**  
I lose my way without you  
**D**  
Leave reality behind  
  
But I know you need me too.

**Am** **C**  
Feeling life run through my veins  
**G**  
As I feel your love return  
**D**  
But I know itâ€™s just a dream  
**Am**  
Searching cracks upon the floor  
**C**  
For my heart that you ripped out  
**D**  
So coldy you ripped out  
  
And youâ€™re now without a care

**E** **C**  
Donâ€™t know how you got here.  
**D** **E**  
But I really wish youâ€™d leave  
**C**  
When you came in  
**D** **E**  
You messed up all the things I had.
