Lucid Dreams
Soja

```
Db          Ab              Gb
   Every time I close my eyes
                      Bbm           Ab
I find myself in the corners of my mind
   Db         Ab          Gb
And I m in there, yeah, some- where
                 Bbm           Ab
Under the covers I can feel it it s pulling me
Db        Ab        Gb
No one can know where my mind goes
            Bbm           Ab
My dreams, more real than my reality
Db        Ab          Gb
And the memory inside of me
            Bbm           Ab
Will it be with me forever until infinity

Gb                Ab
Waiting for my conscience calling
Bbm              Db
Listening to hear me talking
Gb                Ab
Slowing down the rate of motion
Bbm              Db
Focusing inside an ocean
Gb                Ab
Catching myself falling over
Bbm              Db
Looking back and seeing no one
Gb              Ab            Db
Walking through this lucid dream again

 Db                          Ab
I never thought it would come to this
Gb            Bbm         Ab
How did I get here and what did I miss
Db              Ab                    Gb      Bbm        Ab
I ve been trying to find the righteous man s road
Db            Ab
I want to remember the womb of my mother
Gb                  Bbm       Ab
Want to understand all the love of my father
    Db        Ab          Gb
I m so close I can feel it in my bones
       Bbm
My bones
```

Gb   **Ab**
Waiting for my conscience calling
Bbm   **Db**
Listening to hear me talking
Gb   **Ab**
Slowing down the rate of motion
Bbm   **Db**
Focusing inside an ocean
Gb   **Ab**
Catching myself falling over
Bbm   **Db**
Looking back and seeing no one
Gb   **Ab**   **Db**
Walking through this lucid dream again

Db   **Ab**
Now every day is only
Gb   **Bbm**
Counting the seconds and minutes
      Ab   **Db**
That separate me from
              Ab
Who I am I really am
Gb   **Bbm**   **Ab**
In this body temporarily on my journey
Db   **Ab**
Going going gone and I can feel it
Gb   **Bbm**   **Ab**
Like a wrecking ball crashing through me
 Db   **Ab**
And I don t make one sound when I can hear it
Gb   **Bbm**   **Ab**
As the memories prove I ve been here

Gb   **Ab**
Waiting for my conscience calling
Bbm   **Db**
Listening to hear me talking
Gb   **Ab**
Slowing down the rate of motion
Bbm   **Db**
Focusing inside an ocean
Gb   **Ab**
Catching myself falling over
Bbm   **Db**
Looking back and seeing no one
Gb   **Ab**   **Db**
Walking through this lucid dream again

Db   **Ab**   **Gb**
Oh, that perfect peace is within my reach
Bbm   **Ab**

It s a humbling process
Db   **Ab**   **Gb**
Somewhere within me is integrity
Bbm   **Ab**
Could be a medicine
Db   **Ab**
Play the music open up my heart
  Gb   **Bbm**   **Ab**
And a good way to healing realizing it starts with
Db   **Ab**   **Gb**
Finding all my answers within me
Bbm   **Ab**
Within me

Gb   **Ab**
Waiting for my conscience calling
Bbm   **Db**
Listening to hear me talking
Gb   **Ab**
Slowing down the rate of motion
Bbm   **Db**
Focusing inside an ocean
Gb   **Ab**
Catching myself falling over
Bbm   **Db**
Looking back and seeing no one
Gb   **Ab**   **Db**
Walking through this lucid dream again
