```

E B C#m A  
Cause everything, is so diferent now  
E B C#m A  
And gimme my sunrise, gimme my morning

E B C#m A  
And gimme my light, when life is failing  
E B C#m A  
Gimme my hands, my hands are shaking  
E B C#m A  
And gimme one chance, one shot to make it

E A  
Cause everything is everything  
C#m B  
But under water  
E A  
It gets harder to move  
C#m B  
And harder to breathe  
E A C#m  
But it s so still inside of me (olhar pra frente)  
B  
And it s struggling  
E A  
To find the light of day  
C#m B E  
Through the darkness, It s morning now

( E B C#m A )  
( E B C#m A )

E A C#m  
Todo dia o sol vem pra lembrar  
A E  
Que ainda há tempo de recomeçar  
A C#m  
O que passou passou e já era  
A E  
Guardei na memória tudo que foi bom  
B C#m  
Olhar pra frente, fazer diferente  
A E  
Estancar o medo e todo mal  
B C#m  
Quem sabe o tempo ajude a gente  
A E  
Mudar a história no final

( E B C#m A )  
( E B C#m A )

E B C#m A  
Dame mi tiempo y, dame mi paciencia  
E B C#m A  
Porque odio el sabor, pero amo ese alivio  
E B C#m A  
Y yo odio el olor, pero amo el sentimiento

E B C#m A  
Cuando no siento nada, Y nada es real

E B C#m A  
Llévame de nuevo donde comence  
(Bring us back where we began)

E B C#m A  
Hazme sentir y yo cantaré otra vez  
(Let us feel and we ll sing again)

E B C#m A  
Estoy escribiendo com mi pluma vieja

E B  
Yo solía pensar que éramos amigos  
C#m A  
Y ahora veo que nunca fuimos

E A  
Everything is everything  
C#m E A  
But under water, under water, under water

C#m B E  
And I can t breath at all  
A C#m E  
It s something, it s something, it s something  
A C#m

Right there inside of me struggling  
B  
Get me to the morning now
