G|:|-----10-12-14-15-14-12-10-12|.

Your oil s running out
So you re gunning down
Who s gonna challenge you
Alaska s calling oh
Iraq and Taliban
Who s gonna stop, stop you?

Pick up my cell phone
I m in a war zone
target of everyone
I wanna have kids
Could I leave a lesson
and is my generation done, done, done?

Chorus:

Why do you want this world to drown along with you
Red, Gold, and Green you wanna fade to Red, White and Blue
Why do you want this world to drown along with you
These Stars and Stripes are yours to love, but it s nothing now

Talking keep talking cus
Make us all believe
You re know we re all so dumb
Tell us of allies
We re fighting side by side
I think I m getting over
Pick any target, just try to spark it
You re the mass destruction
I ll do what you re saying
As long as you make me rich
Under my oh oh oh God s sun!

Chorus:

Why do you want this world to drown along with you?
Red, Gold, and Green you wanna fade to Red, White and Blue
Why do you want this world to drown along with you
These Stars and Stripes are yours to love, but it s nothing now

Bridge:

Just tell me why
OH WHY!
Just tell me why
OH WHY!

Talking keep talking cus
Make us all believe
You know we re not that dumb
Don t believe your allies
Don t believe your side by side
Don t believe that I m that numb
Don t believe in targets
Don t believe in sparking
Don t believe that I m that mass destruction
Don t believe a word you say
Don t believe that you can make
me one dollar rich in, in, in Jah Kingdom!

Chorus:

Why do you want this world to drown along with you
Red, Gold, and Green you wanna fade to Red, White and Blue
YES YOU DO!! WHY DO YOU WANT OUR WORLD TO DROWN ALL ALONG, ALL ALONG, ALL ALONG
WITH YOU
THESE STARS AND STRIPES ARE YOURS TO LOVE, BUT IT S NOTHING NOW, JUST TELL ME
WHY!!!
