

**Absent From Flesh
Sojourn**

I'm 99.9% certain that these chords are correct. Quite frankly, I can't figure out the actual tab, so I just play these chords. I couldn't find this song on this site, so I figured I'd post it myself. It's my first one, so let's hope it's right!

Capo 2

A **Asus2** **C** **D**
Absent from flesh, O blissful thought

G **D** **A**
What joy that moment brings

A **Asus2** **C** **D**
Freed from the blame my sin has brought,

G **D** **A-Asus2**
From pain and death and its sting.

A **Asus2** **C** **D**
Absent from flesh, O glorious day!

G **D** **A**
In one triumphant stroke

A **Asus2** **C** **D**
My reckoning paid, my charges dropped,

G **D** **A-Asus2**
And the bonds round my hands are broke.

G **D** **A**
I go where God and glory shine,

G **D** **A**
To one eternal day

G **D** **A**
And this failing body I now resign,

G **D** **A**
For the Angels point my way

G **D** **A**
For the Angels point my way

A **Asus2** **C** **D**
Absent from flesh! Then rise, my soul,

G **D** **A**
Where feet nor wings could climb,

A **Asus2** **C** **D**
Beyond the sky, where planets roll,

G **D** **A**
And beyond all keep of time.

G **D** **A**

I go where God and glory shine,

G D A

To one eternal day

G D A

And this failing body I now resign,

G D A

For the Angels point my way

G D A

For the Angels point my way
