I VE BEEN ALONE TOO LONG - ACOUSTIC
SOKO

CAPO - 7th FRET

Am

Thought I saw your face

C

At the end of the alley
It was dark but somewhat pretty
Just like everything I see

F

Except you were there glowing
Your body was floating

Am

Off the ground

C

Thought I d come running
Try to catch you while I can

E

But I never seen such beauty
And I stood there paralyzed

F

I swear I saw an angel
But I was too weak to come closer
Blinded by its glow and
Before I knew

Am

It faded out

F

C

And I m still looking for my father

F

So I cannot have a lover now

I m still looking for my father

So I cannot have a lover now
