SOKO

CAPO - 7th FRET

Bm

Thought I saw your face

D

At the end of the alley
It was dark but somewhat pretty
Just like everything I see

G

Except you were there glowing
Your body was floating

Bm

Off the ground

D

Thought I d come running
Try to catch you while I can

F#

But I never seen such beauty
And I stood there paralyzed

G

I swear I saw an angel
But I was too weak to come closer
Blinded by its glow and
Before I knew

Bm

It faded out

G

D

And I m still looking for my father

G

So I cannot have a lover now

D

I m still looking for my father

G

So I cannot have a lover now
