I VE BEEN ALONE TOO LONG
SOKO

Ebm

Thought I saw your face

F#

At the end of the alley
It was dark but somewhat pretty
Just like everything I see

B

Except you were there glowing
Your body was floating

Ebm

Off the ground

F#

Thought I d come running
Try to catch you while I can

Bb

But I never seen such beauty
And I stood there paralyzed

B

I swear I saw an angel
But I was too weak to come closer
Blinded by its glow and
Before I knew

Ebm

It faded out

B

F#

And I m still looking for my father

B

So I cannot have a lover now

F#

I m still looking for my father

B

So I cannot have a lover now

Db

I m still looking for my father
