I VE BEEN ALONE TOO LONG

SOKO

Dm

Thought I saw your face

F

At the end of the alley

It was dark but somewhat pretty

Just like everything I see

Bb

Except you were there glowing

Your body was floating

Dm

Off the ground

F

Thought I d come running

Try to catch you while I can

A

But I never seen such beauty

And I stood there paralyzed

Bb

I swear I saw an angel

But I was too weak to come closer

Blinded by its glow and

Before I knew

Dm

It faded out

Bb

F

And I m still looking for my father

Bb

So I cannot have a lover now

F

I m still looking for my father

Bb

So I cannot have a lover now

C
