No Forgotten Man

[CAPO ON 3RD FRET]

G

From the woods of California to the banks of Ohio

C

G

I ve always worked each day God sent as best I m able

G

While both me and the crops they failed, those damn wolves came to my door

C

G

I just couldn t put no food upon the table

D

C

Time to step up, boy, and be a man.

G

So they stuck you neath a helmet and put a shovel in your hand

C

G

Sayin it s time to step up, boy, your family needs ya

G

And though we struggled hard to save, they say our money turned no good

C

G

And that there s not gonna be enough to feed ya

D

C

And they say it never happened cause they can.

C

G

So they rob us of our livin , kick us down with shiny shoes

C

G

God knows we ve paid for our dreamin

C

G

Em

And now they re trying to tell us that they ll own us till the end

D

C

Someone better pray that luck means justice

G **G**//// **G**//// **G**////
Cause I ll be no forgotten man.

G
So they stuck me neath a helmet, put a gun into my hand

C **G**
Saying time to step up, boy, your country needs ya .

G
They rounded us like slaughter, they shipped us all to hell

C **G**
Sayin what doesn t kill you boy is gonna free ya .

D **C**//// **C**//// **C**////
Pretend it didn t happen if you can.

C **G**
But I did my share of killin and I took my share of war

C **G**
God knows I bled for my leader

C **G** **Em**
And now you re trying to tell me my enemy s my friend

D **C**
They ll only pray as long as there is freedom

G
But I ll be no forgotten man.

[INSTRUMENTAL BREAK]

G
These days I wheel the city, where the streets don t know my name

C **G**
They ll say time to move on boy cause no one needs you.

G
In the shot glass there s no mercy, in your bottle only blame

C **G**
Though you shout the deeds you done no one believes ya

D **C**//// **C**////
Come, man, spare a nickel if you can

C

G

Cause all I ve got s a story, no kin to call my own

C

G

No photographs to pin upon a feelin

C

G

Em

But what you re trying to tell me makes the truth too hard to bend

D

C

And maybe there s just too much made of freedom

G

Then I ll be no forgotten man.

D

C

Cause one man s chains become another s freedom

G

So I ll be no forgotten man.

D

C

Cause one man s chains becomes another s freedom

G

G////

G////

G////

So you ll be no forgotten man.
