G D Em C*
It was well conceived in theory but it doesn't work in life

G D Em C*
Comrade has to wonder: "Is it ever worth the effort?"

G D Em C*
Well I don't know, but I've been told not to hang on to my hope

G D Em C* 45 5450
Well I don't know, but I've been told and I've been listening all my life

G D Em
If you're ever less than certain about the world
C*323023 5450

Please don't let the worry make its way into your work

G D Em
And if you would stick up for me in the face of some adversity
C*323023 5450

Know that I would only do the same

G D Em Em C C D
Cuz it was well conceived in theory but it doesn't work in life

G D Em Em C C D
But me I will not write it off not ever having tried

G D Em Em C C D
Well I don't know, but I've told not to hang on to my hope

G D Em Em C C D
Well I don't know, but I've told that these are lies and they get old

G D Em Em

So look me in the eyes under expanding winter skies
C Em D
You ll find a feeling there that never knows the cold
G D Em Em
Look me in the eyes and the skeptic in me dies
C Em D D
The skeptic is a fool, we are exceptions to the rule

G
Cuz this is our land
D
This is our land
Em Em
I will cross it holding your hand
C Em D D
From Kursk _____ to Moscow we will not be turned away

G
This is our land
D
This is our land
Em
I will cross it holding your hand
C Em
In crooked streets of Petersburg
D D D D
We are all the same

G D Em
So if you re ever less than certain about the world
C Em D D
Please don t let the worry make its way into your work
G D Em
And if you would stick up for me in the face of great adversity
C Em
Know that I would do the same
D
Know we are the same

G D
If you would stick up for me
Em C
Speak kindly and poetically
C Em D D
You can be my personal ambassador to the world
G D
And if you re ever less than certain
Em C
I will be your Iron Curtain
C Em
I will be your Berlin Wall
D G G G/E
And I will never fall
