G Em C D
with a cigarette there on your lips
canadian penny in your pocket
and the songs of the season in the air tonight
like buzzards

G	Em	C	D
the door keeps opening and closing			
as you try to place a value on your loved ones			
if you decide to ignore them it might make life			
so simple			

G Em C D

with a cigarette there on your lips
you only ever dream of going home
and the songs of the season get under your skin
like a tapeworm

G	Em	Em	C	D
now	the	wind	hits	your
face	with	a	familiar	sting
and	it	seems	like	the
whole	world	is	preparing	to
sing	you	just	keep	saying
nothing,	it	keeps	you	from
saying	the	wrong	thing	

C **Em** **Am** **D**
could it be oh could all your dreams just up and disappear?

C **Am** **D** **G** **Em** **C** **D**
could it be you won t get what you wanted this year?
could it be oh could all your dreams just up and disappear?
could be exactly like you feared

G	Em	C	D
with a cigarette there on your lips			
canadian penny in your pocket			
and your dreams and your hopes			
your family and friends			
and the love you had planned to keep till the end			

G **Em** **C** **D** **G** **G** **Em** **C** **D**
i hope you get them all back for christmas
G **Em** **C** **D** **G**
i hope you get them all back for christmas

That s all!!!! Cheers!!!
