

**Break Myself**  
**Something Corporate**

Introduction:

**Am...F...C...G...**

Verse 1:

**Am**

I m on fire

**F**

**C**

And the day is feeling hopeless

**G**

**Am**

You d see me burning but the burning s turning smokeless

**F**

**C**

Soon I won t feel at all

**G**

No

**Am**

It s electric,

**F**

**C**

The neon hurt inside your phone call,

**G**

**Am**

The layered sadness and the madness it revolves,

**F**

**C**

Bringing down the walls where you found her,

**G**

No...

Chorus:

**Am**

**F**

**C**

**G**

Well, I m willing to break myself

**Am**

**F**

**C**

**G**

**Am**

to shake this hell from everything I touch.

**F**

**C**

**G**

**Am**

**F**

I m willing to bleed for days, my reds and grays

**G**

**F**

So you don t hurt so much...

Verse 2:

And now I m static,

As your sky is turning purple and gray...

I m learning that the further that I crawl,

the farther that I fall, is that okay?

...no...

And you re in pieces,

As your world becomes a rainstorm,

You ve got no shelter I m a thousand miles away,

If you survive the day

You say you re leaving...  
You say you re leaving...

Chorus:

**Am**                **F**                **C**                **G**  
Well, I m willing to break myself  
**Am**                **F**                **C**                **G**                **Am**  
to shake this hell from everything I touch.  
**F**                **C**                **G**                **Am**                **F**  
I m willing to bleed for days, my reds and grays  
**G**                **F**                **Am**                **G**  
So you don t hurt so much...  
**G**                **F**                **Am**                **G**  
So you don t hurt so much

Bridge:

**G**                **C**                **G/B**                **Am**  
Never again will we fire this gun  
**C**                **G**                **F**  
No never again you re the only one  
**C**                **G**                **F**  
No never again but you re already gone.

Chorus:

**Am**                **F**                **C**                **G**  
I m willing to break myself  
**Am**                **F**                **C**                **G**  
I m not afraid  
**Am**                **F**                **C**                **G**  
I m willing to break myself  
**Am**                **F**                **C**                **G**  
I m not afraid  
**Am**                **F**                **C**                **G**  
I m willing to break myself  
**Am**                **F**                **C**                **G**  
I m not afraid

**Am**                **F**                **C**                **G**  
Well, I m willing to break myself  
**Am**                **F**                **C**                **G**                **Am**  
to shake this hell from everything I touch.  
**F**                **C**                **G**                **Am**                **F**  
I m willing to bleed for days, my reds and grays  
**G**                **F**  
So you don t hurt so much...

Am2  
So much  
**F**  
So much  
Am2  
So much
