

## Space

### Something Corporate

This is another great track from the band of Andrew McMahon. This is my very first tab,

I don't think it's the same but it sounds similar to it.

The bridge I feel it doesn't sound well: it's the worst part of this tab.

\*Capo 2\*

//No Intro//

//Verse 1//

**Em**

Home,

**G**

**D**

**Em**

Is this a quiet place where you should be alone?

**G**

**D**

**Em**

Is this where the tortured and the troubled find their own?

**Em**

I don't know,

**G**

**D**

**Em**

But I can tell this isn't your cover's blown.

But oh no,

**G**

**D**

**Em**

Don't you dare hang up this phone.

\*it stops and then begin the chorus\*

//Chorus//

**D**

Hey.

**Em**

**C**

Give me space so I can breathe.

**Am**

**C**

Give me space so I can sleep.

**Am**

**G**

**D**

Give me space so you can drown in this with me.

//Verse 2//

**Em**

In this place,

**G**

**D**

**Em**

The lonely escapade in outer space.

**G**

**D**

**Em**

There's no antidote for irony you say,

That you have,  
**G**  
When you know,  
**D**  
That you don't.  
**Em**  
And you say,

That you can,  
**G**  
When you know,  
**D**  
That you won't.

\*Repeat Chorus twice\*

Hey.  
Give me space so I can breathe.  
Give me space so I can sleep.  
Give me space so you can drown in this with me.

Hey.  
Give me space but I can't breathe.  
Give me space but I can't sleep.  
Give me just one inch I swear that's all I need.  
Oh.

//Bridge//

**Em**                      **D**                      **Am**  
These battered walls and TV screens;  
**Em**                      **D**                      **Am**  
Sometimes they make me want to scream.  
**C G**  
Ah.

\*Repeat Chorus twice\*

Hey.  
Give me space so I can breathe.  
Give me space so I can sleep.  
Give me space so you can drown in this with me.

Hey.  
Give me space but I can't breathe.  
Give me space but I can't sleep.  
Give me just one inch I swear that's all I need.

\*it ends on a Em\*
