intro:

rhythm guitar x 2

Em, G, C

lead guitar x 2

```
|---0-----0-----|
|-----3--0-----3--0-----0-----1-----|
|-----0--0-----0--2-----|
|-----2-----2-----0-----2-----|
|-----3-----|
|-0-----3-----|
```

both rhythm and lead guitar played at the same time. (listen to the song).

verse 1:

same as above. rhythm and lead guitar both played at the same time.

Em, G, C

he is alive and kicking
he calls it gymnastics, calls it velocity
and you spend twenty years climbing and never change your mind
and you call it the path of least resistance
and you have everything you ever need

verse 2:

D, Em, D, C

and you sing if you can t beat them join them
all the way up to your floor
memorize and repeat it
and sing it like you mean it

verse 3:

same as intro (**Em, G, C**)

they are talking to me and i am nowhere to be found
there s somewhere else i had to be
call it necessity, mutiny, entropy

they think i m down
they tell me i should brighten up
but that s just cause they don t know an explosion when they see one

verse 4:

same as verse 2 (**D, Em, D, Em**)

and they sing if you can t beat them join them
all the way up to your floor
memorize and repeat it
and sing it like you mean it
all the way home to your front door

D, C

yeah you better believe it
sing it like you mean it

A, G, D (3 times)

A, G

verse 5:

Em, D, C

they are talking to me and i am nowhere to be found

D, Em, D, C

and you sing if you can t beat them join them
all the way up to your floor
memorize and repeat it
and sing it like you mean it

songs ends on Em
