

Words That You Say
Something Like Silas

Intro: **Dm F Dm C**

F
Speak in this close communion
Dm/Bb **F**
Though this hour seems timeless still
Bb
I wait for your words that bid me come

F
Breathe in me, Holy Spirit
Dm/Bb **F**
The will when my tomorrow comes
Bb
To follow when this song is gone

F **C**
So I await the words that you say
Dm
I open my life
F
I am longing just to hear these words
C **Dm** **C**
That you say, that you say

F
Shape me with words of wisdom
Dm/Bb **F**
Free my torn heart from this world
Bb
Renew my mind and form my will

F
Teach me to wholly offer
Dm/Bb **F**
More than words that I can sing
Bb
So I become the song I bring
F **C**
So I await the words that you say
Dm
I open my life
F
I am longing just to hear these words
C **Dm** **C**
That you say, that you say

Speak in this close communion
Though this hour seems timeless still
I wait for your words that bid me come

Breathe in me, Holy Spirit
The will when my tomorrow comes
To follow when this song is gone

So I await the words that you say
I open my life
I am longing just to hear these words
That you say, that you say

So I await the words that you say
I open my life
I am longing just to hear these words
That you say, that you say

C **Dm**
Can I be an instrument of praise
Bb
And here pursue your heart
C
So my life will tell of who you are

C **Dm**
Can I be a channel of your love
Bb
A reflection of your light
C
And live to bring you praise and serve you, Lord

So I await the words that you say
I open my life
I am longing just to hear these words
That you say, that you say

I've heard two versions of this song where a chord in the verse (Dm/Bb) is minor
and one where it's major, so I've included both. Enjoy!
