

Stay With Me Bright Eyes
Something With Numbers

Fairly straight forward song. I like to do an acoustic version with a capo on the
fret and instead of Bm, G, D, A and E...use Emadd9, Cadd9, Gadd9, Dadd9, Aadd9.
Im not
of
exact chords but i just take add9 to mean the 5th and 6th strings have your
pinky and
finger on the third frets for it.

Tabbed for my mate Saman who introduced me to this song and loves it too. Cheers
Bro.
