

Strength And Doubt
Son Volt

Standard Tuning

Intro: **D G D G**

D **G** **D**
It s a full throttle train, an existential bain
Cadd **G** **Cadd** **G**
It s only grays and blues, and nothing else matters
D **G** **D**
It takes a strong will, to keep it caged and still
Cadd **G** **Cadd** **G**
It s only grays and blues, and nothing else matters
D **A** **Am** **G**
I ve seen it all coming down in a dream soaked world, nothing to fear
D **A** **Am** **G**
I ve seen it all coming down, with beats that pound and bars to clear

Souls that live, in the junkyard
Tales of strength and doubt, and how to live without
Pages left blank, around the music hall
Can you find the meaning, just answering the call

Chorus
