

## Hell No

Sondre Lerche

**G** **Am7** **Em7** **Eb**  
I know I was out of line  
**Dsus4** **Cm7** **D**  
you were way out of your mind  
**G** **Am7** **Em7** **Eb**  
wrapped up in my reveries  
**Dsus4** **Cm7** **D7**  
causing all this misery

**Em7** **A7**  
hear me out  
**D9** **C7** **B7**  
if ever there s a chance in heaven (or in hell)  
**Em7** **A7** **D7** **C7** **B7**  
to slowly forget the past and the bandage

**G** **Am7** **Em7** **Eb**  
be careful you fool, there are certain rules  
**Dsus4** **D** **Cm7**  
even for a fellow like you  
**G** **Am7** **Em7** **Eb**  
but don t be alarmed, no one gets harmed  
**Dsus4** **D** **Cm7**  
I will never go, babe, hell no

**G** **Am7** **Em7** **Eb**  
maybe I was in the dark  
**Dsus4** **Cm7** **D**  
but why d you have to steal my heart?  
**G** **Am7** **Em7** **Eb**  
well, I didn t plan to go berserk  
**Dsus4** **D** **Cm7** **D7**  
baby, you were such a jerk

**Em7** **A7**  
well just hear me out  
**D7** **C7** **B7**  
I can t believe the things I said (i know!)  
**Em7** **A7** **D7** **C7** **B7**  
I obviously was removed from my senses

**G** **Am7** **Em7** **Eb**  
be careful you fool, there are certain rules  
**Dsus4** **D** **Cm7**  
even for a fellow like you  
**G** **Am7** **Em7** **Eb**  
but don t be alarmed, no one gets harmed

**Dsus4**            **D**            **Cm7**  
I will never go, babe, hell no

**Em7**     **A7**  
now hear me out

**D7**                            **C7**                            **B7**  
if ever you decieve me (if ever, ever?) we re through

**Em7**            **A7**            **D9**                            **C7** **B7**  
you worry too much, I won t make you sorry

**G**                            **Am7**     **Em7**                            **Eb**  
be careful you fool, there are certain rules

**Dsus4**            **D**            **Cm7**  
even for a fellow like you

**G**                            **Am7**            **Em7**                            **Eb**  
but don t be alarmed, no one gets harmed

**Dsus4**            **D**            **Cm7**  
I will never go, babe, hell no

**G**                            **Am7**  
be careful you fool (don t be alarmed)

**Em7**                            **Eb**  
there are certain rules (cause I know that)

**Dsus4**            **D**            **Cm7**  
I will never go, babe, hell no
