Verse 1:

You seem to forgive me

I have thought it over weekly

I ve must have been as angry as can be

Over time it s changing surface

So that we can get along

Chorus:

```

Am7(1)                G      F#/D
A black pedestrian says goodbye
Am7(1)                G      F#/D
I ve been fooled too long, it s time
           C           Cadd9/B

to move on and forget

But wise enough to accept
