Sondre Lerche - On And Off Again

D Dmaj7 D7 D6
I ve come to fill you up
G D Gdim D7
I ve come to taste the price I ll pay
D Dmaj7 D7 D6
I ve come to leave a note
G D Gdim D7 D
I ve come to see you on and off again

Em
There have been tragic affairs
A
Ever so unreliable
G
And I could just see through
D
these fingers and give it one more try

Em
But nothing stays the same
A
I stand in my own way
D
I hear you called again
Bm
I know not what to say

Break: **D Dmaj7 D7 D6 G D Gdim D**

I ve changed, become another
The one you used to stalk is real
I ve come to make it better
I ve come to see you through the end again

And all the rumours in this house
Ever so unreliable
I would neglect them
If only lies gave us one more try

But nothing stays the same
I stand in my own way
I hear you called again
I know not what to say
Your flowers are replaced
I catch myself amazed

Cause nothing stays the same, anyway

Break: D Dmaj7 D7 D6 G D Gdim D

I ve come to know the reasons
I ve come to realize the truth
Cause though I leave her waiting
She knows I ll turn against myself again.....

But nothing stays the same
I stand in my own way
I hear you called again
I know not what to say
No nothing stays the same
I stand in my own way

I hear you called again
I know not what to say
your flowers are replaced
I catch myself amazed

Oh, nothing stays the same
nothing stays the same

Nothing stays the same
I am so amazed
I am so amazed
I am so amazed
