VERSE

Bm7/Cm7                    G            Bm7/Cm7                    G                    Bm7/Cm7

So here we are,                    just running through the same confusion.

                  G                    Bm7/Cm7

We always the reach the same conclusion, in the end.

Bm7/Cm7                    G            Bm7/Cm7                    G                    Bm7/Cm7

To be a friend,                    is it too late for that my love,

                  G                    F                    G

You lift your head up off that pillow, and i m not there I say

CHORUS

C                    G                    Am                    F  
you cant run from the setting sun you just

C                    G                    F                    G  
walk, along side in life, my love

C                    G                    Am                    F  
cuz if we run from the setting sun  
C                    G                    F  
it gets dark, too dark for us to see.  
G  
thats why you re hear with me

VERSE

Bm7/Cm7                G      Bm7/Cm7                G                Bm7/Cm7  
So turn your head,                and keep insisting that you wont go  
G                                Bm7/Cm7  
into the world outside your window, dont be scared,  
Bm7/Cm7                G      Bm7/Cm7                G                Bm7/Cm7

twenty three                    and feeling older by the day,  
      **G**                    **F**                    **G**  
run away is just a cliché, never worked for me I say.

#### CHORUS

**C**          **G**                    **Am**      **F**  
you cant run from the setting sun you just  
**C**                    **G**                    **F**  
walk, along side in life, my love  
          **G**  
and you dont know where tomorrow

**C**          **G**                    **Am**      **G**  **F**  
cuz if we run from the setting sun  
          **C**                    **G**                    **F**  
then the tears fall faster than the years.  
**G**  
      thats why youre still so near

#### INTERLUDE

**C**      **G**      **F**          **G**  
keep your home,  
**C**      **G**      **F**  
take it slow,  
          **G**                    **C**  
cuz you dont know where tomorrow

#### CHORUS

**C**          **G**                    **Am**      **F**  
you cant run from the setting sun you just  
**C**                    **G**                    **Am**  
walk, along side in life, my love  
          **F**  
and you dont know where tomorrow

**C**          **G**                    **Am**      **G**  **F**  
cuz if we run from the setting sun  
          **C**                    **G**                    **F**  
it gets dark, too dark for us to see.  
**G**  
      ooohhh  
**F**  
you can see  
**G**          **F#**

ooohhh

**F**

you can see

**G**

ooohhhh

**F**

you can see

**G**

ooohhh
