BEE-BEE S SONG

From the Suburbia soundtrack.

Bass tab by Chris Lawrence.

Not sure if this is the right octave, sorry. I tabbed it in Drop-D to get the Eb s, but like I said, this may be in the wrong octave (parts of it, at least).

| | |
|---|-------|
| filler | verse |
| G----- | |
| D----- | |
| A-----1--3-----1--3-----1--3----- | |
| D--3---3-----3--3-----3--3-----1--1---6-8--3--3-- | |

...guitar :

| | |
|----------|---------------------------------------|
| G----- | ----- |
| D----- | ----- |
| A----- | --3---3---3-4-4--3---3---3-4-4-- etc. |
| D--6-8-- | ----- |

the best part:

| | |
|------------------|---------------------------|
| G----- | -----6----- |
| D----- | 6--8--8-6-8-----4--6----- |
| A--8--8-6-8----- | 6--6-4-6-----7-- |
| D----- | ----- |

(is it just me or does that part sound like a Folk Implosion song?)

Somewhere in the middle there s a little part where the bass plays these notes (don t know how many times each note is played, though):

| |
|--------------|
| G----- |
| D--3---6-5-- |
| A----- |
| D----- |

That s pretty much the whole of the song. If there s any troubles, let me know.

Chris Lawrence
