

Tuff Gnarl
Sonic Youth

Tuning: EAD#GA#A# (!!!!!!)

how to tune:

tune the D string up to the sixth fret of the A string
tune the B string down to the third fret of the G string
the A# s are in unison

bear with me..... i don t think this is right cause
it s a very hard song to figure out.

four guitars at the same time!

(i m only trying to do one..thurston s)

i don t even think it s complete but it s a start.

THIS SONG IS ONE OF MY FAVORITES! WELL, AND IT S VERY HARD TO PLAY!

I VE HEARD ABOUT 4 GUITARS AT SAME TIME IN LAST 50 SECONDS OF THIS SONG: IT IS
CORRECT?

repeat about twice:

```

A# |----- 0-0-3-3-3---0-----|
A# |-----2-2-2-2-0-0-3-3-3-2-0-----|
G  |-2-2-----|
D# |------2-----|
A  |-----|
E  |-----|

```

He s runin on a tuff knarl in his head....

(Lee Ranaldo is doing some sort of harmonics in the
background i think)

```

A# |-2222222222222222-----3333333-2-0-----|
A# |-2222222222222222-----3333333-2-0-----|
G  |-2222222222222222-----2-----|
D# |-2222222222222222-----|
A  |-0000000000000000-----|
E  |-----|

```

```

A# |-----22222-0-----333333333-2-00-0----|
A# |-----22222-0-----333333333-2-00-0----|
G  |--2-2-----2-h3-3-----|
D# |------2-----|
A  |-----|
E  |-----|

```

then basically just make SONIC noise
michael s music links said something about a certain way
to do the noise. I should ev kept the message

i think this is the bassline that goes through the midrange
sonic noise.....

```
|-----|  
|-----|  
|-----|  
|--555-666-888-555-666-888-----|
```

Tuff Gnarl

He s running on a tuff gnarl in his head he s got a fatal
erection home in bed
He s really smart and he s really fast he s got a hard tit
killer fuck in his past
Saints perserve us in hot young stuff the saving grace is a sonic pig pile
Amazing grazing strange and raging flies are flaring thru yr brains
Spastic flailing literally raising my roof
An adrenal mental man-tool box explodes in music creates utopia
You gnarl out on my nerves you weird and crush the cranking raunch
Flesh dirt forcefield lost and found let s burn your broken heart
Set our sights on sights not yet set let s scorch your wavo wig
Let s poke your eyes out...
