Tumbling Tumbleweeds by Bob Nolan

Prelude:

        C   F   C
        I m a roaming cowboy, riding all day long
        G7   C
        Tumbleweeds around me sing their lonely song.
        F   C Cm6 A7
        Nights underneath a prairie moon,
        D7   G
        I ride alone and sing a tune.

Chorus:

        F   F7
        See them tumbling down,
        E   E7
        Pledging their love to the ground,
        F   C   C#dim
        Lonely but free I ll be found
        G7   C   C+
        Drifting along with the tumbling tumbleweeds.

        F   F7
        Cares of the past are behind,
        E   E7
        Nowhere to go but I ll find
        F   C   C#dim

```
        Just where the trail will wind,
G7                                      C           C+
Drifting along with the tumbling tumbleweeds.

   Fm6  G7           C           Am6# B7              Em  B7  G7
I know when night has gone that a new world s born at dawn,

F                         F7
I ll keep rolling along,
E                               E7
Deep in my heart is a song,
F                         C        C#dim
Here on the range I belong,
G7                                      C       C7  C+
Drifting along with the tumbling tumbleweeds.

Repeat from Chorus to end

Last time add:

     G7                             C
Drifting along with the tumbling tumbleweeds.
