

[Bridge]

**D** **C**  
We were young  
**F**  
We had everything we wanted  
**D C A#**  
Running wild through the night  
**D C**  
We were young  
**F A**  
We had everything we needed  
**A#**  
Soon but not even me  
**A#**  
Iâ€™ve got everything that I could ever need  
**C**  
And it makes me feel, and it makes me feel  
**C**  
And it makes me feel, makes me feel

[Chorus]

**F A# C F**  
Oh, just like we never said goodbye  
**A A# D C**  
When you spoke to me in that way  
**F A# C F**  
Oh, just like we never said goodbye  
**A# C**  
And it makes me feel, makes me feel

[Outro]

**F A# C F**  
Still got that glint in your eye  
**A A# D C**  
Like you did the very first time  
**F A# C F**  
Oh, it s like we never said goodbye

[Outro]

**A# C**  
And it makes me feel, makes me feel, like everything that I could ever need
