```
G#                                          F#
```
I donâ€™t even hear a word youâ€™re saying

Oh and Iâ€™ll hang around with my head in the clouds
```
C#            F#                G#
```
Waiting for a way to face tomorrow

C#                      G#              Bbm                F#

C#                      F#                          G#
