

Black Gold
Soul Asylum

```

intro:  -----2---2-----2-----|
        -----3-----3-----3-----|
        -----0-----0-----0-----2-----2-----2-----|
        -----2-----0-----0-----0-----|
        --0-2-3-----2-----0-----|
        -----|

```

Play this simple little one twice after the intro.

```

----10-----9---7---5---5--3--3--3-----2-----|
----10-----10---8---7---5--3--3---2---3-----|
--11-----11-----9-----3-----|
-----|
-----|
-----|

```

```

G      D5      G
--3--3---x---3---x-----|
--0--0---3---0---3-----|
--0--0---2---0---2-----7-----|
--0--0---0---0---0-----7-----|
--2--2---0---2---0---0-2-3-2-0-2-5-5-5--5-----|
--3--3-----3-----|

```

Please note: the D5 chord i have is a substitute for the actual power chord (x577xx) i found it easier to play in the progression when playing the song straight though. this is just an editors note i guess. :-)

```

-2--0--2--3--0--2---5-3--3---3---2-----|
-3--3--3--3--3--3---3-3--3---3---3-----|
-----2-----2-----|
-----|
-----|
-----|

```

this is the verse. sounds just like the words, so you ll get it pretty easy. :-)

```

C      Em
----0---3-0-----0---3-0-----|
----1--1---1---0--0-----0-----|
----0-----0-----|
----2-----2-----7--7--7-----|
----3-----2-----7--7--7-----|

```

-----0-----5--5--5-----|
