Introdução

C# F# (4 VEZES)

```
C#              F#      C#                       F#
```
Almost gave up yesterday, almost made it to the top
```
C#                        F#     C#                             F#
```
Short of dying just the other day, fell short of picking up a mop

```
F#                              G#
```
If it s the thought that counts, you can always count on me
```
F#                      G#
```
I think about it all the time
```
F#                          G#
```
It s going to hit me like a bolt of white lightning
```
F#                        G#
```
Here it comes, my peace of mind

```
       C#      F#       C#    F#
```
Cause I m close, so close, so close
```
    C#     F#        C#  F#
```
I m close, so close, sooooo close

```
C#              F#      C#                   F#
```
Falling short of proving it, just a hair from the truth
```
C#            F#      C#                       F#
```
Little shy of improving it, here I come, I m coming through

```
F#                            G#
```
Pretty soon I m going to shed this skin I m wearing
```
F#                         G#
```
I ve been keeping it inside
```
F#          G#
```
No one cares just how you got there
```
F#                           G#
```
No one cares how hard you ve tried

```
     C#       F#       C#    F#
```
But you re close, so close, so close
```
    C#       F#       C# F#
```
You re close, so close, so close

Ain t like we never got in trouble, it s just we ve never gotten caught

F#   **G#**
And if you ve got a secret
F#   **G#**
It s in me you can confide
F#   **G#**
And if we ever get split up
F#   **G#**
I ll always be on your side

         C#   **F#**   **C#**   **F#**
