

Bus To Beelzebub
Soul Coughing

title: Bus to Beelzebub
Album: Ruby Vroom
Transcriber: Lee Nitzani

This is a constant line which, at best of my knowledge, does not vary (except for parts when the bass is not played).

G-----
D-----
A---7-6--9-8---5-6-7-
E-8-----

At points, the last three notes aren't played (the 8 is held for that count), but the line is still the same.

That's all folks!
