

**Gone Too Far**  
**Soulsavers**

There is an interesting bluesy-style song with easy chords. The only one difficult to play it can be broken guitar rhythm, but if you listen to the song carefully, you'll catch it :)

**Em** **G**  
I watched you rising  
**Em** **G**  
I watched you sleep  
**Am** **G** **Em** **G**  
I knew you would just like me  
**Em** **G**  
Intoxicated  
**Am** **G** **Em**  
Oh, struggling to breathe

Chorus:

**C** **Em**  
I heard you whimpering  
**C** **Em**  
In the back room  
**C** **B** **Em** **G**  
Gone too far, too far too soon

**Em** **G**  
I guess it's your time here  
**Em** **G**  
That time for you  
**Am** **G** **Em** **G**  
When it all comes crashing down on you  
**Em** **G**  
Yes, I've been praying  
**Am** **G** **Em**  
Oh, so what else am I supposed to do?

Chorus:

**C** **Em**  
I heard you whispering  
**C** **Em**  
In the back room  
**C** **B** **Em** **G**  
Gone too far, too far too soon

**Am**

You made that mistake now

**C**

They were coming for you

**Em**

You've gone too far, too far too soon

**Am**

Now you feel nothing

**C**

**Em**

Life can be cruel

**Am**

That night I saw you

**C**

You passed by my room

**Em**

I hope you'll make peace with the man in the moon
