STARTS WITH AN END

Intro (**F#** - **C#** - **G#**) x2

```
     F#  C#       G#
What you hold makes you fold

     F#  C#       G#
When the tides wont let you come around

     F#        C#        G#
You break your back all out of fear

         F#            C#                    G#
Then you wait in line to the ropes, to the ropes you go

         F#  C#                 G#
It starts with an end, It starts with an end

         F#  C#                 G#
It starts with an end, It starts with an end

       F# C#              G#
The silent war break down your door

        F#   C#            G#
Looking for truth its gallows are calling you

        F#      C#                  G#
sealing the cracks, In which you have basked

           F#                          C#                  G#
your tied to the mast, to your past, your life and death in a flash you ask

          F#  C#             G#
Does it Start with an end, start with an end

         F#    C#   G#
it Starts with an end

        F#                      C#                             G#
```

To all of the ends of all of the centuries, Where born from the fall out breeze

      F#   **C#**   **G#**

Bit parts in a role with the dust and the ghosts We wither then fall like leaves

      F#   **C#**   **G#**

To all of the ends of all of the centuries, Where born from the fall out breeze

      F#   **C#**   **G#**

Bit parts in a role with the dust and the ghosts We wither then fall like leaves

Ending (**F#** - **C#** - **G#**) x2
