Circle of Power
(words by Hiro Yamamoto, music by Kim Thayil)

This is the song that ends Side A on -Ultramega OK- and it is sung by basically the main riff for this song is:

```
E -----  
B -----  
G -----  
D -----7--7--  
A -7--7-5--5-5-----  
E -----
```

This opens up the song and appears during the interlude. Blah blah blah blah blah blah. Anyway, the chords played through are the power chords:

F#5, A5, G#5, G5

These chords are played on the A string, meaning F#5 should be played on the ninth fret of the guitar and it goes up to A5 on the twelfth, then going down to G#5 then G5. After that a riff comes that plays the root note of these chords on the E string like this:

```
A -----  
E -2-2-2-2-2-2-5-5-5-5-5-5-4-4-4-4-4-4-3-3-3-3-3-
```

That is basically the song in a nutshell and rest is future.
