LETRA:

ZERO CHANCE

I think I know the answer
 I stumbled on and all the world
 Fell down
 And all the sky went silent
 Cracked like glass and slowly
 Tumbled to the ground
 They say if you look hard
 You'll find your way back home
 Born without a friend
 And bound to die alone

I'm thinking of your highness
 And crying long upon the loss
 I've found
 And on the plus and minus
 Zero chance of ever
 Turning this around

Why doesn't anyone believe
 In loneliness
 Stand up and everyone will see
 Your holiness

Why doesn't anyone believe
 In loneliness
 Stand up and everyone will see
 Your holiness

They say if you look hard
 You'll find your way back home
 Born without a friend

And bound to die alone
