Twizzle s Rap (**A A F D** throughout)

She know s I ma get it, I ma go get her

Thought you was my rider girl

What-do-you mean you shoulda known better

She won t answer my calls

Says I take her for a fool

You think I m meeting girls

While I m out here making moves

Nah baby that ain t cool

We used to watch movies, chilling out

Now when I BB you, you ain t pinging back

And I ain t feeling that (No)

Coz I need you, I know you ainâ€™t a fool

I never tried to mislead you

Chorus:

Oh, oh, oh, shoulda known better  
Than crying all the time on you

Oh, oh, I told you no pressure

But you still wanna fight me

Yeah baby bite me

Oh, so take back your sweater

Cause it only reminds me of you

Yeah, I shoulda known better

Coz when the guys into sci-fi

Baby bye-bye

I m the fool for wasting time on you.

I m the fool thinking I m over you.

I m the fool for crying over you.

I m so over you, I m so over you.
