This is a great song from the near universally-loathed direct-to-video Captain America movie from 1990.

I saw it as a young child and never forgot the chorus, so I thought I would try a tab.

The song was never released outside the movie, so the instrumental intro and fade-out are obscured a bit by dialogue and sound effects.

The body of the song, however, is pretty correct. Get in a Bob Seger mindset before you play it :-)

Piano intro:

**C G** (x3)

Verse 1:

**G**                            **Bm**  
A million years, a million tears  
**C**                            **G**  
A long, long time ago  
**C**                            **G**  
There was a time, a special place  
**Am**                            **D**  
But where I just don't know

Pre-chorus:

**C**                            **G**  
I'm all alone in a cold, cold world  
**C**                            **G**

It s hard, but I m still trying

**C** **G**  
I got to find that special girl  
**Am** **C D**  
To warm this heart of mine

Chorus:

**G** **Em** **C**  
All I know is what my heart keeps saying  
**G** **Em** **C**  
All these memories, memories of you girl  
**G** **Em** **C**  
Searching, searching, trying to remember  
**G** **Em** **C** **G** **Em** **C** **D**  
All these memories, memories of you girl

**G** **Em** **C**  
Whoa I know  
**D**

Verse 2:

**G** **Bm**  
I keep on looking, till I see your face  
**C** **G**  
Wherever that may be

Waiting just for me
