LYRICS (CONT..)

we can we can go home soon  
oâ€™er the cold old sea  
her lover is in the old moon  
o to kiss her knobbly knees  
know sheâ€™s laughing underwater  
her painâ€™s gone away  
we drank whiskey like our fathers  
born to return back to the clay  
my love for you girl will never decay

some sweet day you will be mine, youâ€™ll be mine  
some sweet day you will be mine, youâ€™ll be mine

where did you go, up to the sun?  
where are you now, part of the sea in every drop  
or did you simply stop?

some sweet day you will be mine, youâ€™ll be mine  
some sweet day you will be mine, youâ€™ll be mine

Enjoy.
