Cause all around it s not the same

How to say it, and not to offend  
Well, you re still inside it s OK  
As soon as a girl leaves the refuge, out go the reason they re great  
Hips are spreading, and never a smile  
They always demand that they drive  
Well, I ve got to get back inside there where at least they re alive

Chorus

Happy hunting ground, happy hunting ground  
They can sort of dance like you do  
Happy hunting ground, happy hunting ground  
But they just can t last like you
