

If The Guns
Spear of Destiny

hi guitar people

this song is played at so many different speeds it may take a few goes to get it
but it is correct

E eeee

if i wake up and find my self dead

D dddd

i care not how it came to be

A aaaa

i left my life the way and oh it took me

E eeee

you see im free to think my own way i owe no one

E eeee **D** dddd **A** aaaa **E** eeee

don t you ever tell me that you know how feel

if i ever quit this life i wont ask for a reason why

if the guns are looking down and they decide the time has come

i wont hang on i wont plead ive had my time and now i leave

if you notice from the song, it has one main chord,
then 4 beats after all parts
works the same for all the song

so the whole piece is **E** **D** **A** **E** AS THE IS IS PLAYED TWICE
