Track 03 - The Stranger s Dozen

I have had to transcribe the lyrics by ear so I apologise if there are any errors
and, as always, I welcome comments and corrections.

Good luck.

[To match the recording place a capo on the fourth fret]

C **G**
You ll reside right in this heart of mine

F **Am** **G**
You ll go far brothers we are

C
I ll say my hands they could have you some fun

Em
You say snow white never got burnt by the sun
Am

Well I think I stand half a chance I m a shot

G
You think you re too good for me well you re not

Me I m so lonely and it gets me down
Me I get drunk but I sound so profound
Me I m an old dog but I m learning tricks
I live in a glass house and I m throwing bricks

F **Am**
You and I we cant sit still

G
We re programmed to escape

F
We swallowed the same pills

G
You re in my blood still

You ll reside right in this heart of mine
You ll go far brothers we are

I ll keep you posted when I m in your town
I ll give you a call before I drop around
I can t wait to see you and tell you what s tricks
I can t wait to hang out at your house for kicks

F **Am**

Things in life don't always pan

G

So you and I just ran

F

We're wired to escape

G

We'll meet back when we can

You'll reside right in this heart of mine

You'll go far brothers we are

So I'll keep on growing and walking the earth

Gravity pounds me I'm a wave in the surf

You're spinning in circles I'm gasping for air

And the gravity holds me asleep in my chair

And I'll treat this day like the first I'm alive

Things could be better but me I'll survive

And every day's easy when I'm never wrong

And I'll treat these words like my first ever song right on

[cello solo]

Right on, right on, brothers we are

Right on, right on, weather the storm

You'll reside right in this heart of mine

You'll go far wherever you are

You'll reside right in this heart of mine

You'll go far brothers we are

You'll reside right in this heart of mine

You'll go far weather the storm

You'll reside right in this heart of mine

You'll go far wherever you are

You'll reside right in this heart of mine

You'll go far brothers we are
