

Beautiful More So
Spencer Bell

Beautiful song, he was truly a great writer.

First tab, sorry if it s butchered :(

BEAUTIFUL, MORE SO

G **D**
Come the end of this June

Em
I m gonna leave this city for good.

I m gonna black out all of the pages I wrote

C
and move on to some better ages, I hope

G **D**
Do what I can to forget about you

Em
cuz your love un-made me

You loved me so fine in fact

C
that all it really did was fuck me up real bad

G **D**
I don t know bout what I did possess

Em
that got me so obsessive

I gotta know all about your new squeeze

C
I gotta know does he call you monkey?

G **D**
I gotta know does he nibble at your hip-bone?

Em
does he call you beautiful?

does he think you re beautiful?

C

Does he actually know

G

D

You re beautiful more so?

Em

I sure hope so!..

I ve been so tired these days

C

with loggin late night sessions

G

D

So uninspired these days

Em

I hardly even try to write my own progressions

It s not that easy

C

not to feel sorry for myself

G

D

because honest to God

Em

I do believe this could be

me throwin away the best thing

C

that I ever got.

G

D

So please don t kick me

Em

if I ever come crawlin back

My money says I m never gonna

C

but with you I d like to play

G **D**
on the safe side

Em C G D Em C (Repeat)
ba-ba-aaaah.

(End on **G**)
You re beautiful more so!.
