

Little Girl Spiritualized

C#m **G#m**
Sometimes I wish that I was dead

B **F#**
Cause only the living can feel the pain

C#m **G#m**
Sometimes I wish that I could fly

B **F#**
You get so grounded that life will pass you by

C#m	F#
Hey little girl, we re on our own	
Here today and then we re gone	
Before we ride into the sun	
B	B/C
Get it on	

Sometimes your world s so full of pain
You get so hurt inside, but dry your eyes
Sometimes the words you gotta say
They get so trapped inside and fade away

Hey little girl, we re on our own
Here today and then we re gone
Before we ride into the sun
Get it on

Edit: Fixed my **D#m** to the correct **C#m**, accidentally put in the wrong chord.
