Eight thirty five, he steps out for a coffee and gets shot in the face

Em **D** **Em** **Em**
Everything tastes sweeter when youve had a dick in your mouth

C **G**
Oh the jokes on you

D
Behind every ordinary man

Am
There s an extraordinary woman

C **Am**
so just imagine what must be behind

Em
the extraordinary man

We choose our lives

We re always between

building and burning bridges

Accidents happen and we all die alone

She s waking up
Her mouth is so swollen she can t even speak
her pussy is bleeding and he s passed out on the couch

she s going to die
when he s good and ready

and a moment sooner
we ll run out of virgins before we run out of pills

He cutoff her tits
and raped her as she
ran out blood
accidents happen and everyone dies alone
