

Live Another Day Sponge

Tabbed by Merlin Blencowe

Here goes...

Do the words give up mean anything to you? Not a thing.

```
-----
--7--7-----
--7--7---6--6---4--4-----
--7--7---7--7---5--5-----
--5--5---7--7---5--5-----
-----5--5---3--3-----
      D      A      G
```

These D A G chords are used throughout with varying
strum patterns which you can work out yourself.
Jarvis must get quite bored playing the bass to this when it s just:

```
-----
-----
-5-5-5-5-5-5-5-5-----
-----5-5-5-5--3-3-3-3-----
```

The only bit where the chords and bass change for; I know it s
not what you wanna hear but if you d just stay off the beer then,
you would, live to see another day

```
-----
-7-----9-----12-----11---9-----7-----
-7-----9-----12-----11---9-----7-----
-7-----9-----12-----11---9-----7-----
-5-----7-----10-----9---7-----5-----
-----
D      E      G      F#      E      D
```

Nice easy solo, played over 4 times, use the same 3 chord shapes as before.
