

My Morning
St. Thomas

â€œMy Morningâ€•
by Saint Thomas (Thomas Hansen)
from the album Thereâ€™s Only One of Me (2006)

C
I have heard your music and it

F
Sounds pretty good

F6
I turn it up in the morning

F **C**
Trying to find the mood

I have spent some time
In a mental institution
But it didnâ€™t work for me
So itâ€™s better to be free

For me the times are changing
I feel it every day
I leave my bed in the morning
Thatâ€™s the only way

[Chorus]

G **F6**
Donâ€™t leave me with my doctor

C
On the telephone

G **F**
Heâ€™ll set me up with some medicine

C
To medicate the dog

G **F6**
Donâ€™t leave me with my doctor

C
On the telephone

G **F** **C**
Heâ€™ll set me up with some medicine

Next week you can come over
To my precious place
Put up in my studio
Get ready for the race

We might even have some time
To go out for a drink
Soon this will be over

And I won't need my shrink

[Chorus]

Enjoy the music!
