Guitar tuned up half a key(!), i.e. 1/4 of a step.

VERSE

**Am G D**  
And now you've grown to hate me  
Even more than you have grown to hate yourself  
Has it really made a difference?  
**Am G F**  
Sharing all that hate with someone else

CHORUS

**F C G Am**  
Please tell me are you really happy  
Do you think he's really worth the pain  
tell me are you really happy  
**Am G F E Am G D**  
Or did you simply throw our life away just to be unhappy  
  
Does he worship and adore you?  
Does he make you beautifully complete?  
Is your life so much better now  
Or do those same old demons haunt your sleep?

REPEAT CHORUS

Is he everything you dreamed of?  
I imagine he is so much more than me  
And I tried to make you happy  
**Am G E**  
But I believe you thrive on misery

REPEAT CHORUS

Just to be unhappy...
