Am **F** **G**

Doesn t anybody know, how to walk anymore,

Am **F** **G**

Doesn t anybody know what a radio s for

Am **F** **G**

Doesn t anybody wear there hair down low

Am **F** **G**

Doesn t any body know, doesn t any body know

Am **F** **G**

Doesn t anybody hate it when a street light turns red

Am **F** **G**

Doesn t anybody want 5 more minutes in bed

Am **F** **G**

Doesn t any body, doesn t anybody have a letter to send

Am **F** **G**

Doesn t anybody wish they had just one more friend

Am **F**

G

Cause everybody wants and every body needs and everybody asks for one more piece,

Am **F** **G**

Everybody wants to here someone say please

Am **F** **G**

Cause everybody takes and everybody steals everybody cries when something feels,

Am **F** **G**

Everybody s looking for the drug that heals

Am **F** **G**

Doesn t anybody want to take another shot at me,

Am **F** **G**

Go ahead the gun is loaded and the bullets are free.

Am **F** **G**

Doesn t anybody spray perfume to cover up a smell

Am **F** **G**

Doesn t anybody know where to go to get some help?

Am **F** **G**

Cause everybody wants, every body needs, everybody begs for self esteem

Am **F** **G**
 Why don t you get your mind out of the past
Am **F**

 Cause everybody takes and everybody steals and everybody s in kicked by other
 heels,
