

**Spleen**  
**Staind**

Album: Dysfunction

Tabbed By: Alex Miller

i have this tabbed for a 4-string and a 5-string. this probably isn't totally right but it works for me.

4-string version's tuning is low to high(C, A, D, G) to save time i'm just going to tab only the string u play and none of the others.

intro(Riff 1):

C:-3-2-1-2--3-2-1-2--3-2-1-2--3-2-0-1-2

(Riff 2)at Can't Breathe!!!!!!

C:-3-2-1-2 repeated lots

(Riff 3)at i don't like the way everything is gay...

C:-1-0-1-0-5

(Riff 4)when he says something like i don't need

u... it's like:

C:-3-2-1-0

then there's the really mellow part that's like this:

A:-0-1-2

then u go back to riff 2 and then ur done. it's a really easy song to play have fun with it.
